School's Name: 3 de Octubre

School's Principal: Wendy Ivetth Euceda Umanzor

Community Name: Sabana Redonda

Student's name: Jose Amilcar Hernandez Vijil

Despite the financial limitations that his family has (editor's note: the parents are so poor they could not feed their family), Jose was a student with good grades, very concerned about his homework and learning. He was a fortunate boy because from 1st grade through 6th grade he was on the Lunches for Learning program (editor's note: without the school lunch program, Jose would have had to leave school to search for food). Currently he is in high school, in 10th grade (editor's note: Jose is staying with an uncle who lives in a town near the high school, this could not have happened had he left school years earlier to search for food).

We, as his former teachers, can confirm that this child was helped by the program and now he maintains excellent attendance and grades, which allowed him to stay on grade level.

Thank you Lunches 4 Learning! With you, teaching and learning is possible!

Nombre del Alumno: José Amilkar Hernández Viji

Este alumno apesar de tener un hogar humilde y de escasos recursos economicos, fue un estudiante de nuestra escuela, bien preocupado en sus deberes como estudiante, fue afortunado porque abarco, toda la primaria con el programa Lunches for Learning y en la actualidad este alumno se encuentra cursando el décimo grado de escolaridad en el Instituto Polivalente John F. Lo que nosotros como maestros observamos en el transcurso de los años, que este niño fue beneficiado por el Programa, Mantuvo una excelente Asistencia y un buen Rendimiento Académico. Lo que le permitio seguir adelante con sus estudios.

Muchas Gracias Lunches for Learning.
