“Live, Love, and Serve as disciples of Jesus Christ”

Receive a kind welcome from the students, parents, and principal of the school “Dionisio de Herrera” of the community “Junquillo”, from Valley of Nacaome.

We'd like to let you know from the bottom of our hearts the enormous gratitude we have for your support in all that you provide for us: meals, vitamins, and school supplies. These supplies have helped further develop our education and the experience we have in class. We say our prayers so that God will always bless you and shine light upon your path. We spend our days thinking and waiting for when you will return so we can see you and share our school experiences with you. I don't want to bore you nor do we want to fatigue you, not even say goodbye because we never get tired of writing to you, since it's the only way of communication we have with you. In our opinion we never get tired but you probably are busy and we obviously have to say goodbye but it's not it's an - I'll see you later, and hopefully really soon.

We think about you all the time, hugs for everyone.

Patricia Regina Amaya Mejia/principal.

P.S: Please tell Mrs. Patricia the pastor's mom we remember her and are grateful for the gift she sent.

Thank You.
